This workshop is designed to equip teachers with the knowledge and skills needed to teach cybersecurity using the Teach Cyber courseware. The objectives are to:

- Explore the Teach Cyber courseware and related resources
- Gain hands-on experience working through selected labs and activities
- Expand cybersecurity knowledge
- Discuss pedagogical implications of teaching cybersecurity, especially in regards to using the Teach Cyber instructional materials

What to Expect

- Morning and afternoon synchronous sessions via Zoom and Canvas
- Hands-on activities and labs on the US Cyber Range
- One month of Cyber Range access
- Office Hours providing assistance as needed
- Possible follow-up Saturday session(s) in the Fall
